STANDARD FINISHES - DESCRIPTION

SWEDISH STEEL—This is the natural iron, polished to assure smoothness and covered with a transparent dull lacquer.

GUN METAL—A treatment which is exclusive with us, a rich black antique finish, non-rusting.

ANTIQUE IRON—The appearance of real antique iron is the dominating touch of this finish. The original black of the iron can be seen through the antique finish.

ANTIQUE VERDI-GREEN—The verdi-green is the outstanding color in this antique finish.

ADDITIONAL INFORMATION

Arms on all lamps are adjustable with the exception of the No. 1151 Twin Lamp and the 1143 Lantern.

All Junior Reflector Lamps are equipped with an 8" glass bowl and the 40-60-100 socket, with the exception of the 1537MJR and 1007MJR. These lamps get a 10" glass bowl and a 100-200-300 Mogul socket.

All Student Reflector Lamps have a 6" glass reflector and a 40-60-100 socket. Standard sockets may be substituted for these.

Hobnail Founts may be had in the following colors: Crystal, Green, Amber and Opal.
